U.S. Patent and Trademark Office PTOL-303 (Rev. 9-04) Continuation of 11. does NOT place the application in condition for allowance because: Applicant is restating Remarks that have already been addressed with counter explanations and additional Remarks. These additional Remarks still do put the application in condition for allowance nor does it overcome the prior art of record because of the Applicant's still broad claim language that can still be interpreted in more than one way, and the Applicant's decision to not amend the claims to put them in consideration for Allowance. Since the prosecution is closed, the additional Remarks will be addressed by the Examiner when an Appeal Brief or Request for Continued Examination is filed.
